

Life in Class 3

Autumn Term 2019

Our first topic was 'Superheroes'. We designed our own superheroes and wrote fact files about them. We tried to make our writing even better by using adventurous adjectives.

In Art we created our own superhero cityscape using pastels before we added silhouettes of buildings; we even added ourselves as the superhero! We have

also studied Pop Art and the work created by Lichtenstein and Andy Warhol.

We have enjoyed learning about significant individuals and real-life superheroes. We have learnt lots of interesting facts about Mary Seacole, Florence Nightingale and Edith Cavell. We then compared these super nurses to show what was similar and different in their lives.

We enjoyed following instructions to make our own superhero shield and stick puppet and then wrote more detailed instructions for how we did this.

We made designed and made superhero cars. We had to make the axles and then add the car body on to the top.

During the Autumn Half Term Holidays, we made Autumn Discovery Bottles with our grown ups for our homework.

We enjoyed learning about The Gunpowder Plot and why Guy Fawkes was a significant person in History.

On Remembrance Day we all gathered together in our school hall to have a two minutes silence to remember those who had fought and died in the war. We sang a song 'The Quartermaster's Store' to the whole school which we had learnt in our Music lessons. We made a class wreath for our class altar to remember all of the soldiers and people who had helped in the wars.

We have learnt about Algorithms and have shown that we can programme a Beebot with different algorithms and even worked hard to debug.

During our topic of 'Frozen Planet' we have learnt about The Arctic and Antarctica and many of the animals that live there. We completed a homework project and showed our research in many different ways.

We created posters in class about Polar Bears and have written non-chronological reports about Polar Animals.

We now know the seven continents of world.

We went on a visit to Hall Hill Farm and saw lots of different animals. We had a chance to feed and hold them. We were very excited when we got to see Santa and were lucky enough to get a present from him! We hope we are on the good list!

We enjoyed performing our Nativity of 'Everyone Loves a Baby' to our grown ups. We worked so hard to learn all of the words to our songs and speaking parts.

We are looking forward to continuing to learn new things in January!
