

Life in class 1

Autumn Term

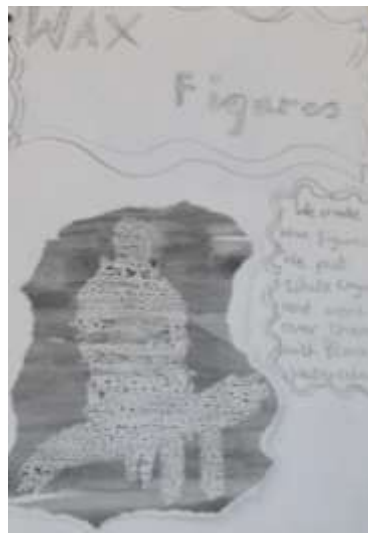

It has been a very eventful and busy term with the school day finishing a lot later than normal. To their credit the children have responded well and worked hard.

The children really enjoyed learning about the Battle of Britain and how it was a major turning point in World War 2. We explored the reasons for the Second World War, how children must have felt when they were evacuated and what it was like during the Blitz.

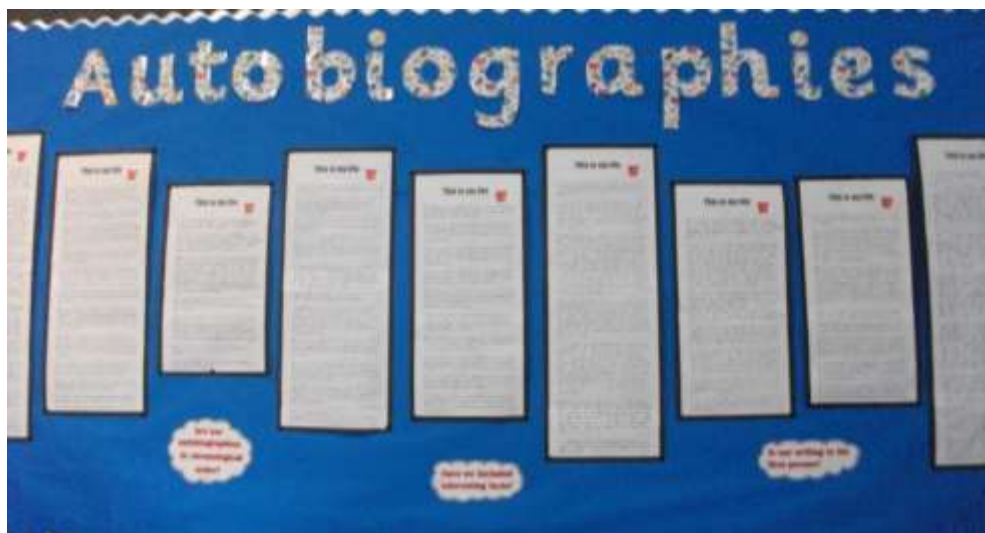

The children produced some excellent writing, enjoyed reading the war time novel *Carrie's War* and learning about the life of Anne Frank.

In Art we studied the war time artist Henry Moore and sketched his 'shelter' drawings of people in air raid shelters.

In English we wrote some excellent stories and poetry and with our parent's help we wrote our autobiographies.

In Maths we consolidated our knowledge of number calculations and learned about percentages and fractions.

In Science we learned about light and how we see things and electrical circuits. In Design and Technology, the children really enjoyed designing and making their own slippers.

Despite the restrictions we still had fun at Christmas this year. Class 7 performed their own part of the Key Stage 2 Christmas carol service, which was videoed for parents. They practised very hard and the readings and singing were excellent.

Once their school duties were over, the partying could begin and the children really enjoyed the Christmas party

We hope you have enjoyed finding out about just a few of the things we have been doing this Autumn term and here's hoping for a better 2021.
